Lewisville's girls wrestling team competed in their first tournament in school history Saturday at the R.L. Turner Classic.

Competitors for the Farmers included Kayla Canady, who finished third; Jasmine Herbert, who took third; and Beatriz Sanchez, who earned fourth.

Lewisville is hoping with time, its girls' team can achieve the success of the boys' program, which finished second as a team in the tournament.

The Farmers had four first-place finishers, including Michael McKinney, Conner McKinney, Michael McClure and Dylan Herlehy. James Ledged placed third, while Richard Mackillop took fourth.
